DINE IN ONLY

## To Our Valued Customers

Doughboy's Pizzeria menu items are hand-made in our restaurant daily using freshly prepared quality ingredients. Our traditional pizza dough proofs until it is optimal for use. Our staff is very proud to carefully hand toss each Doughboy's Original Crust immediately prior to making your delicious pizza.

Please remember that Doughboy's Pizzeria is a high gluten environment, and that it is also true that we have an extremely popular house made gluten free pizza crust option. Many of our signature and build-your-own pizzas can be safely prepared for our gluten-sensitive customers. However, due to the high volume of wheat products made and used in our equipment and throughout our facility, the products made with our gluten free recipes are not intended to be served completely free from gluten. While we take extraordinary precaution to minimize cross-contamination, we advise you that no item in our restaurant can be guaranteed to be served "gluten-free".
